# The Water Quality, Supply and Infrastructure Improvement Act of 2014

Author: Alf Brandt, Legislative Director, Assemblyman Anthony Rendon, bill author

#### Clean, Safe and Reliable Drinking Water (\$520 Million) – Disadvantaged Communities

- \$260 Million Small Community Wastewater Treatment
  - o priority for disadvantaged communities and public health hazards
- \$260 Million Safe & Affordable Drinking Water
  - o priority for disadvantaged communities
  - \$25 million for technical assistance program
  - o \$2.5 million for disadvantaged community matching funds
- Benefits for Disadvantaged Communities
  - o cost sharing requirement (generally 50%) may be reduced or waived
  - o minimum 10% for severely disadvantaged communities
  - o 15% of funding allowed for technical assistance
  - o technical assistance proportion may exceed 15% of grant

#### Protecting Rivers, Lakes, Coastal Waters and Watersheds (\$1.495 Billion)

- \$327.5 Million Multibenefit Watershed Projects by State Conservancies
- \$200 Million Enhanced Stream Flows by Wildlife Conservation Board
- \$100 Million Urban Creek Restoration (Los Angeles and San Gabriel Rivers)
- \$20 Million Multibenefit Urban Watershed Projects by Competitive Grant
- \$475 Million Fulfilling State Obligations in Water Settlements
- \$285 Million Watershed Restoration Projects by Dept. of Fish & Wildlife
- \$87.5 Million Delta Water Quality & Ecosystem Restoration

## Regional Water Security, Climate, and Drought Preparedness (\$810 Million)

- \$510 Million Allocation to Each Hydrologic Region
- \$100 Million Urban and Agricultural Water Conservation
- \$200 Million Stormwater Management

#### **Statewide Water Storage (\$2.7 Billion)**

- Continuous Appropriation to California Water Commission
- Public Benefits of Surface Water Reservoirs and Groundwater Aquifers
- Required 50% Non-State Cost-Share
- Required Ecosystem Improvement for Delta or Delta Tributaries

## Water Recycling (\$725 Million)

- Broad Range of Potential Projects including desalination and water quality
- Required 50% Non-State Cost-Share (reduced/waived for disadvantaged communities)

## **Groundwater Sustainability & Cleanup (\$900 Million)**

- \$100 Million Groundwater Sustainability Planning & Projects
- \$80 Million Groundwater Cleanup for Drinking Water Source
- Required 50% Non-State Cost-Share (reduced/waived for disadvantaged communities)

#### **Statewide Flood Management (\$395 Million)**

- \$295 Million Delta Levee Maintenance and Improvements
- \$100 Million Multibenefit Projects to Achieve Public Safety and Enhance Fish/Wildlife

## ELEMENTS OF THE 2014 WATER BOND \$7.545 Billion for Next-Generation Water Infrastructure

## **Invests in the Next Generation of Water Infrastructure**

- Promotes New Technology priority for "new or innovative technology"
- Funds Projects for the Future water conservation, recycling, desalination
- Addresses Emerging Water Challenges stormwater, groundwater cleanup
- Increases Regional Self-Reliance for Water Supply
- Encourages Cross-Agency Collaboration to Set Top Investment Priorities

## **Improves Drinking Water Quality Statewide**

- Commits More than \$1 BILLION to Improving Water Quality
- Restores Source Water Quality in Upstream Watersheds
- Allows for Water Quality Projects in Several Funding Categories
  - Safe Drinking Water
- Protecting Rivers/Coast

o Recycled Water

- o Groundwater Sustainability
- o Regional Water Security

## **Protects California's Water Environment**

- Restores Watersheds That Provide California's Water Supply
- Allocates \$1.495 Billion to Protect Rivers, Coast and Watersheds
- Funds Ecosystem Restoration Projects The Delta, Watersheds, The Coast

## Eliminates Earmarks for Specific Projects – Reduces Bond \$3.5+ Billion

- Deleted Project-Specific Allocations from Previous Water Bond
- Limits Allocations to Specific Agencies with Defined Water Purposes
- Prohibits Legislature from Appropriating Money to Specific Projects
- Reduced Water Bond By 1/3 \$11.14 billion to \$7.545 billion

## **Protects Disadvantaged Communities Most at Risk**

- Allows Smaller Local Contributions for Water Quality Projects
- Creates Technical Assistance Program for Disadvantaged Communities
- Prioritizes State Funding on Needs of Disadvantaged Communities

## **Ensures Accountability of State Expenditures**

- Requires Audits and Public Reporting of Water Bond Expenditures
- Establishes Competitive Grant/Loan Programs with public guidelines
- Requires Formal and Public Process for Water Transfers
