

Veterans in STEM

2026 Winter Workshops

Veterans in STEM (VSTEM) are hosting hybrid workshops this quarter, weekly on **Wednesdays or Thursdays at 4pm - 5pm PT**. VSTEM focuses on supporting veterans & people who are veteran-affiliated (dependents and spouses). However, **these events are open to all CDLS Fellows & community members**.

Resume Workshop

Date: **Thurs, Feb 12 (6th Week)**

Location: **Zoom**

Receive constructive feedback on your resume from experienced mentors. Learn to effectively highlight your skills & accomplishments to make your resume stand out to potential employers or graduate programs.

Applying to Research Labs

Date: **Thur, Feb 26 (8th Week)**

Location: **UCLA Downtown**

This workshop will guide you in identifying & applying to research labs that align with your interests & goals. Learn how to craft a compelling application, communicate your qualifications effectively, & navigate the selection process.

Literature Review Pt. 2: Source Selection & Organization

Date: **Wed, Feb 18 (7th Week)**

Location: **UCLA VRC**

This workshop will build on the skills learned in the first literature review session, focusing on selecting relevant sources & organizing them to support a cohesive research narrative.

Check-In – Finals

Date: **Wed, Mar 11 (10th Week)**

Location: **Zoom**

An informal, supportive space for students to bring their questions and challenges, engage in small group discussions, and receive one-on-one guidance from mentors.
