

### **Paul Meissner, CEO Energy Everywhere**

Paul Meissner, Ph.D., is the CEO of Energy Everywhere, Inc., a global leader in the development and deployment of distributed energy solutions. The company specializes in sustainable energy generation at the point of consumption, with a portfolio of renewable solutions integrated with storage, control, remote monitoring and AI optimization.

After receiving his Ph.D. in Engineering from Stanford University, Paul's track record of innovation and leadership began from rapid rise to senior executive responsibilities driving the fastest growth and most disruptive business units in major Semiconductor

Industry Leaders, Applied Materials and KLA Tencor.

The next decade of Paul's innovative career showcased senior leadership in the Laser and Optical Communications industry reaching a conclusion with the successful exit of Santur Corporation at a large multiple to the industry comparables, and a set of major technology and business model breakthroughs, including the launch of the most advanced, high speed Data Center optical solutions.

With Energy Everywhere, Paul now leads a diverse group of international private investors, and a development and operations teams implementing breakthrough distributed power systems in the US and Europe, and with a pipeline of over \$2B in North American, European and Asian energy projects.

### **Jack Pouchet, VP of Sales Natron Energy**

Jack Pouchet is the Vice President of Sales for Natron Energy. Jack works closely with major OEMs, large data center owners and operators, and leading mission critical engineering firms to help define, architect, and create opportunities for advanced battery and power technologies that improve day-to-day business and operational efficiencies. Prior to joining Natron Jack was engaged at Vertiv as the Vice President of Business Development. During his tenure at Vertiv Jack was a co-founder of the Hyperscale Solutions business, the highly successful platform that launched a global prefabricated & modular data center practice.

Jack brings over twenty years of related OEM power supply, power generation, distribution, and power product sales and marketing experience to Natron giving him a unique end-to-end perspective of the entire AC and DC power path.

Jack is a frequent industry spokesperson, author, and an active member of several industry and sustainability associations including the Infrastructure Masons. Jack has a Bachelor's of Arts and MBA in Business Administration.

**Alex Levran, CEO SUMEC North America**
